NAPOLEONIS MAGNI

PRIMOGENITO

NATO ROMANORUM REGI

CARMIN SACRUM

N. Inv. 5633

AD AUGUSTUM

Quinti Horatii Flacci Epistolarum libro secundo Epistola prima.

Quum tot sustineas, et tanta negotia solus,  
Res Italas armis tuteris, moribus ornes,  
Legibus emendes; in publica commoda peccare  
Si longo sermone morer tua tempora, Caesar.

Virgilius Maro Ecloga tertias, cui nomen PASAEMON  
versu. 70. 71<sup>a</sup>

Quod potui, puero sylvestri ex arbore lecta  
Aurea mala decem misi, cras altera mittam.

2  
Post geminos vates breve votum tertius offert:  
Ut Pater et Mater vivant, sors et decus orbi.  
Quin monet emeritus ~~atque~~ fulvo Caesar in auro.  
Ut repetat Regi natum pro Cesare carmen.

Hic dies verè mihi festus, atque  
Eximet curas; ego nec tumultum,  
Nec mori per vim metuam, tenente

Cesare terras.

Horat. lyric. L. III Ode XVI.

Tu modo nascenti puero, quo ferrea primum  
Desinet, ac toto surget gens aurea mundo,  
Casta fave Lucina! tuus jam regnat Apollo

Virgilius Ecloga IV. cui nomen PALLAS

versu 8. 9. 10.

121  
Casare, rege, satus puer, ac rex Urbis et orbis,  
et patrem et matrem nitidis complexus ocellis;  
inde nihil metuens, quod ametur ab omnibus unus,  
viridus et fortis, vultuque tenerrimus heros,  
Herculis ad inermem serpentibus in caput hostis,  
corpore morbillis salvo formidior infans,  
qui bonus et morbis et debilitate carebit,  
pango, quo fulget tam nomine quam omine sospes,  
NAPOLEO! CAROLUS Fastis civilibus audit,  
jure, quoque potens magnorum imitator et heres.  
Quis bifrons Janus, quadrifronti nec datur impar?

IONS SACER Indigetes Laribus Natalibus Augens,  
nomen avi et patrui Romanos dicet ad aras.  
hinc FRANCISCE JOSEPHI tuos ordire triumphos;  
hinc AUGUSTORUM teneat CONCORDIA Fasces;  
hinc torquatorum patrum de regibus ordo  
splendeat, et populos moveat felicius augur.

SPIRITUS IPSE DEI, Quo vita, salusque vigebunt,  
influet in mentem pueri, mollemve juventam,  
unde virile probos accrescet robur in annos,  
et virtus surget duris exercita rebus.

Quis prior expediat pressas caligine terras,  
qua latet ignoti fulmen, tonitruve gradiri?

Filius ante patrem, sublimis in aethere globus,  
quem pavet ac oculum bovis alta per aequora Britto,  
stellatas cunas referens ad Orionis orbem,  
quo gladii pandit duo balteus astra paterni,  
sidus et Hesperius et sidus Francus Eois,  
praefert animum, quem summo à numine traxit,  
Lege, Fideque PIUS, FELIX, AUGUSTUS is idem  
nascitur Arcanio pater orbi lumen et ordo.

x  
Aeneas

Salve parve puer, cyre regum maxime salve,  
quo Franciscus avus Lodoicea prole beatus  
amulae Iosephi patrui monumenta Vienna  
Parisiis mereat, Trajano suppare mole.

Salve spes populi! magno spes altera Romae,  
qua alta trophaea Tuo dat et immortalia Patri.

Arietis à signo clemens tua sceptris potestas  
elevat, et leges sortem miserabilis avi,  
leges, seu omnes, lacrimas ridentibus astis,  
ast querulo in Latium ducis paeane Campanas;  
nunc audire mihi videor, quid lacrima dicat.

Nascor, et erubui suffragem sanguine mundum,  
regnaque neptuni non indignata Britannos.

„ Damna fleo renem, sed plura fleo damna dixerim „  
Cur amissa dies abiit sine fenore Fasti,  
vel perit aeterna Fastus sine federe Paucis?  
quid non mitescant divino codice mores?

"Dixi, ubi consistam, calum terramque novo  
 "Hic locus urbis erit, requies ea certa laborum."

Hinc melior rerum via natus passio tentem  
 prompta ingeni ducta ve Parentis ut huius?

ut mare immensus campus, faciesve pericli.  
 "venit ad occasum, mundiue extrema Sesostis,"  
 Me superare deest tua fortia gesta Sesosti.  
 unde meos ducant populorum vota triumphos,  
 dum socios natura pares ac ars mihi fingat.

Nestor pyramidum dilect miracula Memphis,  
 Nec saturi paleis jactent Babilonis labores.  
 quatenus equi diu sudoribus albam vertunt,  
 et super humum nigros, flavae tenent  
 non quod timore, per seque impendit natus  
 caepe invidis teris, et liquet, bonique,  
 curas mitto: Deas malis huius oti mit.  
 ut ubi in qua est, sedum in quidam talis!  
 Expirat in populo ad vultu promissum  
 hoc est offensa. Nestor in quidam talis!  
 Tunc pluitans abet Nestoribus. Nestor.
